Healthy, Robust People Popular Everywhere

Good Health Creates an Attractive Magnetic Personality and Wins Admiration

Healthy People are Happiest

Pepto-Mangan Has Put Thousands into the Healthy Full-Blooded Class

How the red-blooded, energetic, and attractive man or woman is envied by those who feel that it will always be their unfortunate lot to be thin, pale, and weak-bodied!

And yet why continue to envy men and women who possess a vigorous, healthy physical condition and an attractive, magnetic personality? Poor health and lack of vitality are often merely the result of impoverished blood.

Gude's Pepto-Mangan is for people whose bodies suffer from lack of blood nourishment. Pepto-Mangan enriches the blood and increases the number of healthy red cells, which are so necessary to carry the proper nourishment, vigor, and strength to every part of the body.

Physicians introduced Gude's Pepto-Mangan to the public because they knew that it contained the very properties that are so sorely needed to build up this watery blood. For your convenience Pepto-Mangan is prepared in two forms, liquid and tablet. Both contain exactly the same medicinal value.

Insist on the genuine Pepto-Mangan. To be sure you are buying the genuine Pepto-Mangan, ask your druggist for "Gude's." And be sure the name "Gude's" is on the package.
